Highly-regarded commercial real estate industry veteran John Manning has joined the Bay Area team at Avison Young. The debt-and-equity placement specialist was named a Principal and will be based in the company's San Francisco office.

Manning brings 20 years of CRE experience in the Bay Area, most recently at JLL in San Francisco. There he founded the company's U.S. northwest region capital markets practice, and was the firm's top debt-and-equity placement professional on the U.S. West Coast for the past nine years.

His mandate is to lead the Avison Young's local office origination of debt and joint-venture equity placements. He will also help grow the company's investment real estate sales service line throughout the Bay Area and serve on the company's U.S. capital markets team.

During his career, Manning has completed more than \$12 billion of CRE originations while focusing predominantly on urban high-rise residential development, institutionally owned office assets and the hospitality sector.
